FALL 2019

THE TRI-ANNUAL NEWSLETTER OF THE GROSSE POINTE PUBLIC LIBRARY

From the Director, Jessica Keyser

Library of the Future

Like many cities and school districts, the GPPL's fiscal year is from July-June. At the writing of this message, we entered the 2020 fiscal year, which promises to be outstanding. After months of soliciting feedback from community members, staff, and key stakeholders, we adopted a plan to maintain and improve all three library buildings.

This year, several of our plans will come to fruition. At Central, we will create an outdoor living space in the courtyard on Kercheval with improved seating, landscaping and lighting. An accessible ramp will be added to the front entryway. At Ewald, the interior of the building will get fresh paint, carpet and finishes, and the space will be reconfigured for greater efficiency and safety. At the Woods branch, improvements will be made to the lighting in the main lobby, and the audio-visual room will be reimagined as a café-style area and a space for the Friends of the Library used books to be available for sale.

See the entire plan at grossepointelibrary.org. If you'd like to support the library improvements please plan to attend the second annual Masquerade for the Stacks event on October 5.

A Universe of Stories: Summer Reading Participation

Summer reading was out of this world! We blasted through our previous attendance records, with over 2,000 participants. Last year we had a total of 1,663 participants, which was a 58% increase over 2017. We are delighted at the community response, and our staff is hard at work planning the summer reading program for 2020. To infinity, and beyond.

Emerging Technologies Librarian

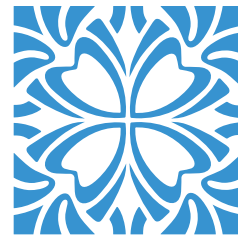

This summer, we welcomed Michelle Roberts to the GPPL team as our first Emerging Technologies Librarian. Michelle is based at the Woods branch, and her focus is to educate the community and our staff on new technologies. Michelle stood out among a field of highly qualified candidates due to her impressive depth and breadth of knowledge and experience with technology in libraries, and her positive attitude and enthusiasm for public service. Watch for more technology-related programs and services in the months to come, and please join us in welcoming Michelle.

Friends and Foundation of the Grosse Pointe Public Library

11

This fall marks the five-year anniversary of the Foundation's Breuer Preservation Fund, which successfully raised money to restore and maintain the Central Branch art and architecture. It celebrated the vision of famed architect Marcel Breuer who believed the library to be not "a mere repository of books but a social, cultural and civic crystallization point."

The library is a beacon for communities - a critical part of the social infrastructure that binds communities together and allows public intellect to grow. The Library is our community living room and we aim to extend that feeling to include the outdoor space at Central. With accessibility as the bedrock in bringing ALL together - the natural first step is an ADA compliant ramp on the Kercheval entrance of the Central Branch.

Join the Friends and Foundation at the second annual Masquerade for the Stacks and be an essential part of the plan to transform the community's front porch and the gateway to the Hill.

Still Time to Sponsor

Join Masquerade Sponsors - Beaumont, Friends of the Grosse Pointe and Harper Woods Communities, Famous Maintenance, Flagstar Bank, Beline Obeid Realty, Fisher Pointe Dental, Higbie Maxon Agney Realtors and Grosse Pointe News- and be instrumental in connecting our community.
